Join us this spring on a visit to the world-renowned American architect Frank Lloyd Wright's home Fallingwater in Bear Run, Pennsylvania. This house, built over a serene waterfall, is an outstanding example of Wright's idea of "organic architecture." We will see Wright's classic interior designs inside of the house, and we'll also explore the beautifully wooded grounds surrounding it. Be sure to wear comfortable walking shoes. You can either bring your own lunch or you can buy lunch at the Fallingwater Café in the Visitor's Pavilion. The food in the café is self-serve, and everything is made fresh from local organically-grown products. The trip takes approximately 4 hours, which will allow you plenty of time to chat with your friends, nap, read, or watch the rolling scenery. The 2 ½ hour tour of the house and grounds is scheduled for 1:30 p.m. and interpreters will be provided for the tour. Departure for Frederick and Silver Spring will be at 4:30 p.m., with a stop-over for dinner at the Hagerstown Outlet Center. The bus will arrive back at the Senior Center at approximately 10:00 p.m. Registration must be received by March 23 to secure the charter bus. Limited to 34 individuals.
